Annual Accomplishments

Years	Accomplishment Narrative	# Benefiting
2009	Land was acquired that will be the new location for the Boys & Girls Club. Construction workers are currently working on drainage issues. They hope to be able to utilize the land for activities for the children next year.	
2010	The club has provided infrastructure improvements for the property, to include road, water and sewer. They also paid off their bank loan Dec. 2010.	
2011	An irrigation well has been drilled. The site plan, landscape plan, and restrooms/picnic arbor plans are at the city for review. Infrastructure is in. Working on installing a playground. Had an activity with children and held a Board of Directors event. Progress is proceeding on the building. Construction equipment is on site so no youth activities are scheduled due to safety issues.	
2012	The outdoor restroom, playground, basketball courts, tether ball areas, volleyball court, soccer fields, irrigation well with water storage tank, and 2 shelters have been complete. They are working on the gym and hope to have it finished by May. Due to the construction equipment on the site no activities have been scheduled with the children. After the gym is complete in the spring they will start having activities for the children. At that time I can enter benefit data in the system.
