Water service connection replacement on Converse Avenue

CHEYENNE, WY – The City of Cheyenne Board of Public Utilities (BOPU) is planning to replace a water service connection near the roundabout on Converse Avenue. Weather permitting, crews plan to begin the replacement on Monday, April 20, and complete the replacement in three days.

The construction will close the right-hand, east-bound lane of East Pershing Boulevard near the roundabout. The lane closure may result in traffic delays in the area. Please drive cautiously near construction.
