

STAFF REPORT

To: DDA Board of Directors

Subject: CIG Request Winters Griffith Architects 211 E. 19 St.

Date: September 19, 2024

Staff Contact: Irene Parsons, DDA Manager
Kylie Dorr, DDA Administrator

Background:

Winters Griffith Architects have completed significant improvements on their building over the past two years. To enhance these improvements, they have designed a new steel projecting sign, as well as two steel shade awnings for the front of their building. Jamie Winters, Principal Architect of Winters Griffith, submitted a CIG application for fabrication and installation of the sign at the corner of the building and the steel decorative awnings over the two entry doors to the building. The CIG application requests a 50% match of the total amount of the project. The total contract amount is approximately \$14,783, with a CIG match of \$7,391.

The CIG application was submitted in OpenGov on September 5, 2024, and includes required estimates, renderings for the signage and awnings, and plan view. Photos of the building before sign installation were also added to the CIG application on OpenGov. A Pre-Application meeting was not necessary, because Jamie Winters is familiar with DDA CIG process and the City of Cheyenne building and signage processes, so he will ensure appropriate permits and requirements are met.

Availability of Funding:

This is the first CIG request for Fiscal Year 2025. There are currently six outstanding CIG grants committed from FY2024, totaling \$147,379.63. With the budgeted amount for (736) Capital Improvement Grants CIG at \$250,000, this leaves an uncommitted amount of \$102,620.37 prior to approval of this CIG request.

Recommendation:

Move to approve CIG application for Winters Griffith Architects for signage and exterior awnings on building, subject to staff's recommended conditions and authorize the DDA President to execute any necessary agreements, subject to the following conditions:

1. The grant recipient shall provide to the DDA a complete and accurate IRS Form W-9 prior to reimbursement.
2. Improvements shall conform to the plans shown in the application and shall not be altered without Board approval.
3. The signage must be adequately maintained and kept in place for a minimum of five years from the date reimbursement is issued. Failure to maintain the sign and its appurtenances for the specified period will result in the forfeiture of the full grant award and repayment shall be required on a pro rata basis for the

remainder of the time period, within 30 days of sign removal. The DDA Board may waive the repayment requirement in the cases of acts of God, natural disasters, change in business name, or a hardship is proven that results in business closure, subject to Board approval upon request by the applicant.

4. The building exterior work must be adequately maintained and kept in place for a minimum of five years from the date reimbursement is issued. Failure to maintain the work for the specified period will result in the forfeiture of the full grant award and repayment shall be required on a pro rata basis for the remainder of the time period within 30 days of sign removal. The DDA Board may waive the repayment requirement in the cases of acts of God, natural disasters, or modification due to City development in the right-of-way, subject to Board approval upon request by the applicant.
5. The applicant shall enter into a façade easement agreement prior to the award of any funds. Said easement document shall reflect conditions 2, 3, and 4, above, and establish a DDA interest in the façade for a period of five years.

Attachments:

1. CIG Application on OpenGov (5 pages)
2. Estimates for signage and exterior walls (8 pages)
3. Renderings signage and awnings (4 pages)
4. Plan View (1 page)
5. Photos of building east and north facing (4 pages)

DDAC-24-8**Capital Improvement
Grant**

Status: Active

Submitted On: 9/5/2024

Primary Location211 E 19TH ST
Cheyenne, WY 82001**Owner**AAA ENTERPRISES LLC
E 19th 211 CHEYENNE, WY 82001**Applicant** Jamie Winters
 307-632-2705
 jamie@wintersgriffith.com
 211 E. 19th St.
Cheyenne, WY 82001

The Capital Improvement Grant program is dedicated to improvements in the public-right-of way and limited improvements on private property that maintain a public element and enhance the right-of-way.

When considering a CIG project, we request that you contact us early in the process so that we may assist you in formalizing your plans. Requests for CIG funds after improvements have been initiated, will not be accepted, or approved. Application for, and DDA approval of, CIG funds must be completed prior to beginning construction, fabrication, or installation of any improvements for which funding is requested.*

Application

Building or Business Name*

211 E 19th Street

Description of Work Proposed*

Fabrication and install of new wall projecting sign at the corner of the building and steel decorative awnings over the two entry doors to the building.

Additional information or documents may be requested from the applicant which may be appropriate or beneficial to support the request for CIG funds.

Estimated Total Cost of Work*

14783

Amount of CIG Funds Requested*

7391

This grant program is set up as a reimbursement grant and funding will be expended when receipts and proof of payment for the approved improvements have been received. If approved, this grant provides a 50-50 match up to \$50,000 for eligible improvements.*

Design Committee Review

The Design Committee will consider the application at its next regularly scheduled meeting, and will take one of the following actions (Note, the DDA Board presently serves as the Design Committee):

1. Approve the request as submitted
2. Deny the request in whole or in part
3. Require modifications to the applicant's plans or improvements based upon applicable plans and/or guidelines.
4. Postpone action pending further review or information/revisions by the applicant
5. The Design Committee reserves the right to change any of the terms, conditions or policies in order to better meet the goals of the program.

The applicant or an authorized representative is required to attend all Design Committee meetings at which the request is to be considered for action. The absence of the applicant will be cause for the Design Committee to table the application. Contractors or vendors are welcome to attend if accompanied by the applicant. *

Completion of the Improvements and Payment

After completion of the physical improvements, DDA staff and or appointed Design Committee members will verify that the improvements are in accordance with those approved, reimbursements will be made to the applicant by the DDA according to established payment procedures. *

The DDA's participation through the CIG program is subject to the following:

Improvements previously funded by the CIG program will not be funded again for the same improvement, or modifications to the funded improvement within a five (5) year period.*

CIG requests that have been fully or partially funded shall not be eligible for additional funding within a five-year period for the same work. Funding of any request is subject to funds available at the time of application; applications which are partially funded will not be considered for additional funding.*

CIG application funding is limited to the budgeted funds available during the DDA fiscal year in which the application is made. Funding commitments from subsequent fiscal year's budgets will not be considered.*

Capital Improvement Grant Agreement

The owner agrees to complete work within a period of 12 months from date of award. The owner agrees to do all work as approved by the DDA. Any changes to the approved scope of work and costs must come in written form to the DDA Design committee for review and approval. Once work is complete, it is expected to be maintained appropriately and per any conditions of approval. *

General Terms and Conditions:

- Monument structure, foundation, excavation, and engineering done by others.
- Assumes customer will have a computer to program EMC software.
- Communication lines into the sign from a PC, when required for EMC operation, will be provided by others.
- Any possible required licensed engineer's review, stamp and/or changes to shop drawing(s) will incur an additional cost to the customer.
- Permit fees are based on the actual jurisdictional charge plus an acquisition fee for staff time at \$150 per hour, with a \$250 minimum.
- This contract assumes adequate access to work areas for DaVinci personnel & equipment.
- Landscaping &/or landscape repair is excluded from scope of work.
- Final electrical hook-up to sign shall be done by others, with the customer being responsible for the coordination and cost of this work.
- All signs are 120 volt primary unless otherwise noted. Higher voltage such as 277 is available, but at an additional cost to customer.
- Davinci Sign will not be held responsible for damage to unmarked public or private utilities, sprinkler lines, phone lines, etc. that may occur while installing signs &/or excavating.
- This contract assumes normal soil conditions for foundations, inadequate soils, high water tables. All other conditions may require additional work at an additional cost to the customer.
- All work comes with a (1) one year warranty period from the date of substantial completion (if paid within the terms as outlined on this proposal).
- It is the responsibility of the customer to present adequate tax-exempt documentation at time of signing and prior to permitting. Without this documentation, any tax paid with permits will be passed along, and reimbursable in full to DaVinci by the customer. Any refund of this tax will be the responsibility of the customer to request directly from the taxing jurisdiction.

Acceptance of Proposal: The prices, specifications and conditions as outlined are satisfactory and hereby accepted. DaVinci is authorized to do the work specified. Once signed & accepted, this proposal becomes a binding contract. Payment will be made as outlined.

* A 3.95% convenience fee will be automatically charged on all credit card payments. DaVinci Sign Systems, Inc., only accepts Visa, MC, AMEX and Discover.

When deposits are given by credit card, any balance due will be automatically processed at the completion of work.

By signing this agreement, the signer grants permission for DaVinci to use photos and to make reference to the client's project in advertising, on their website, and/or any other media format.

For purposes of repair, maintenance and marketing, permission is granted to DaVinci to affix their identification to the completed product.

Invoices unpaid after their due date will be assessed a financecharge of 1.5% (18%APR). Larimer County, CO is the named legal venue. DaVinci has the right to repossess any product/signage on accounts that become past due. DaVinci shall be entitled to collect all reasonable Filing, Court Attorney, and other fees as applicable

All labor & material is guaranteed as per the outlined warranty period. All work to be completed in a workmanship like-manner according to standard process. Any alterations or deviation from specifications as outlined on the original scope, may incur additional costs and will be executed only upon written & signed order(s). All agreements are contingent upon strikes, accidents or delays beyond our control.

The display is a custom manufactured product and has no value other than to the intended party. If for any reason the contract is cancelled, terminated, placed on hold, &/or postponed due to delay(s) not caused by DaVinci, a minimum charge of 50% of the contract &/or work completed to date (whichever is greater), including field surveys, drawings, materials, sales expense, permits, engineering, shop drawings, etc., or any cost with overhead incurred, will become chargeable and shall become due immediately per the terms outlined, &/or deducted from any given deposit.

Monthly progress billings will automatically occur and be due and payable under the terms of this agreement for all pro-rata work.

All signs removed will be disposed of unless prior written arrangements are made for storage or return.

When / if additional costs occur, such as additional trip charges, or change in scope or access, or any other obstacles due to delays not caused by Da Vinci, additional charges will be added to this contract and will be due from customer.

Copyright - Single use authorization only.

Applicable sales taxes are accessed on all orders. Orders for customers & organizations who are tax-exempt will not be recognized as exempt until a valid State-executed certificate is received.
