

City of Cheyenne Election Sign Standards

The City of Cheyenne does not regulate the quantity, dimensions, or size of election signs. Location and permanence are regulated. The signs are not allowed in public rights-of-way, City property, or in such a way as to interfere with safe pedestrian or vehicle movements. Signs must be easily placed and removed without needing specialized structures, construction, or specialized equipment. Signs should be placed with permission of the property owner. Signs placed without permission may be removed by the landowner. The City will not give permission for any City property.

The "right-of-way" refers to the area set aside for the use of the public, including vehicle and pedestrian travel.
