## ORDINANCE NO. 4571

ENTITLED: "AN ORDINANCE AMENDING AND UPDATING THE SOLID WASTE FEE SCHEDULE IN ACCORDANCE WITH SECTION 8.44.010 OF THE MUNICIPAL CODE OF THE CITY OF CHEYENNE, WYOMING, AND REPEALING ORDINANCE NO. 4503."

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING:

Section 1. That Cheyenne City Ordinance No. 4503, adopted by the governing body on May 8, 2023, authorized the fee schedule currently applicable to solid waste services under Title 8, Chapter 8.44, of the Cheyenne City Code.

Section 2. That, effective July 1, 2024, the fee schedule for solid waste services is hereby repealed, replaced and otherwise superseded by the schedule appended to this ordinance, which is incorporated herein by reference.

Section 3. That Cheyenne City Ordinance No. 4503 is repealed effective July 1. 2024.

Section 4. This ordinance shall be in full force and effect upon approval and publication.

or each additional cubic yard	\$27.07 \$704.32		
he Packer Load ligh Volume Pickup rate per ½ hour or fraction thereof			
	\$206.58		

- Note 1: All bulky items including mattresses, couches, stoves, refrigerators, etc., will be collected and charged by volume as an Extra Pickup. The freon removal fee must be paid in addition to disposal fee for all refrigerators, freezers, and air conditioners unless freon removal has been certified by a licensed repairman.
- Note 2: A "building," for the purposes of Section 8,44,010 D of City Code, is defined as a non-residential premises using a water meter. Buildings will be assessed at least a "Basic Rate Fee" for each collection point (i.e., container or set of containers) or charges based on the type and quantity of containers and frequency of pickups as outlined in this Solid Waste Fee Schedule. Multiple collocated, non-residential buildings owned by a single property owner will be assessed at least a "Basic Rate Fee" equal to the number of collection points. If 1.5 Cubic Yard or larger city dumpsters are used, the Basic Rate Fee is included in the fees for those containers. Charges are normally included in water and sewer bills issued to property owners or agents of such premises by the Board of Public Utilities
- Note 3: If material is left outside of dumpsters or if residents fail to control their waste, requiring manual pickup, the owner of the property may be assessed this additional cleanup fee for manpower and equipment time.
- Note 4: City residents must show identification (driver's license, etc.) and certify that material is their personal household waste to receive reduced Transfer Station rates.
- Note 5: Electronic Components: Charges to commercial entities for recycling of electronic components are based on the City's cost for recycling plus 10% for handling and processing. Contact the Solid Waste Division for current prices. Electronic components (computers, televisions, cell phones, etc.) contain hazardous materials and must not be disposed of in the Landfill. Recycling of these components is free to city/county residents at the Transfer Station.
- Note 6: Tires larger than 20" will be charged by weight.
- Note 7: Residents must present documentation from a doctor and certify that there is not an able-bodied person living in the home to qualify for complimentary "Special Attention" services. Documentation must be updated on an annual basis to continue in the program. A sanitation division employee will move one trash and one recycle auto cart from and return it to a designated and approved location each collection day. Additional carts may be included if justification is provided, and an additional fee is paid.
- Note 8: Residential recycle containers will be equal to or larger than residential trash containers. To qualify for the smaller 60-gallon recycle container, residents must also have a 60-gallon trash container. Residents may choose not to accept a recycle container; however, there will be no reduction in the residential automated collection fee.
- Note 9: Overweight or over-packed Roll-Off Containers will be charged double the disposal fee. Overloaded cardboard containers will be charged based on time required to empty the container.
- Note 10: Residential trash and recycle service may be suspended for full months only. Full month suspension dates are based on billing cycles as defined by the Board of Public Utilities.
- Note 11: The optional yard waste collection program may not be suspended, only discontinued. Residents who pay for the optional yard waste container receive pickup of up to one cubic yard of limbs, tree trimmings, hedge clippings and similar material. Residents must cut items to less than three-foot lengths and contact the Sanitation Division to schedule pickup. Yard waste will be collected and charged by volume as an Extra Pickup from customers who do not subscribe to the optional yard waste program.
- Note 12: Place automated trash, recycle and yard waste containers a minimum of two feet from any object, i.e., vehicles, trailers, fences, poles, trees, other containers, etc., and be sure the area in front of the container (toward the street) is clear of obstructions. A Container Placement Fee is charged each time a driver must exit the vehicle to move a container so it may be safely dumped without striking a nearby object. The fee will not apply if a container is blown over by the wind or other act of nature.
- Note 13: These charges apply to customers who do not get a water bill. Billing must be done manually by Solid Waste Staff.
- Note 14: The Landfill Manager may request to inspect the origin of the soil and require testing to verify the soil is uncontaminated. Petroleum contaminated soil has minimum testing requirements per WDEQ guidelines. The customer will pay for any testing. If requested, test results shall be provided to the Landfill Manager a minimum of 48-hours prior to disposal.
- Note 15: The Public Works Director or Deputy Director may negotiate costs and terms for unusual requests to dispose of material at the Landfill. Examples include but are not limited to: material from large

commercial demolition or remodeling projects; material such as dirt that may be needed by the City; and material from accidents or natural disasters. Testing for hazardous materials may be required in these instances.

Note 16: Waste containers and their contents placed within city limits in violation of city code Chapter 8.44, Solid Waste, will be removed and disposed of and an appropriate fee assessed to the owner. Fee will be based on unscheduled contents disposal plus the Transfer Station disposal fee cost per ton.

Note 17: Contact the Sanitation Division to arrange waste collection for special events at least 10-business days prior to the event. Special event waste collection arrangements made less that 10-business days prior to the event will be subject to a 25% short notice fee. Orders under \$300 are subject to a \$50 administration fee.

Note 18: A fee equal to the "Unscheduled contents disposal for a 1.5 CY Container" will be charged when Sanitation must return to service a blocked container, when a customer requests relocation of a container, or when a container has been moved from its service location and requires relocation.
